SANTA FE COMPACT70 | 4044110

SMALL IN STATURE. BIG ON PERFORMANCE.

With a horizontal configuration and a flow-through design, this system removes excess moisture from low-clearance crawl spaces and tight basement areas to a small home theater.

HIGHLIGHTS

Professional Grade: Features corrosion-resistant dual-coated coils

Small Footprint: 12" W x 12" H x 21" D, fits low crawl spaces, basements, mechanical closets or other small spaces

Convenient Sizing: Sized to fit between floor joists for convenient hanging installation

Rotatable Exhaust Outlet: Provides for horizontal or vertical discharge

Energy Efficient: Every Santa Fe dehumidifier exceeds Department of Energy standards

MERV-13 Filter: Provides superior air filtration

Low Heat Load: Engineered for low-temperature operation and proper airflow

Ducting Options: Ducting options for divided spaces

Auto Restart: Allows the dehumidifier to automatically restart after a power outage

Water Removal: 70 pints/day, 8.75 gallons/day

For Crawl Spaces up to 1,800 – 2,600 sq ft

For Basements up to 1,800 – 2,200 sq ft

Unmatched 6 Year Warranty

IDEAL APPLICATIONS

- Basements
- Crawl Spaces
- Garages
- Home theaters
- Workshops
- Gun rooms
- Exercise rooms

SANTA FE ADVANCE DRY110 | 4047010

POWERFULLY EFFICIENT. EFFICIENTLY POWERFUL.

Our most powerful dehumidifier, the Advance Dry110, is perfect for basements, crawl spaces, and attics. It features dual exhaust outlets, on-board digital, an internal P-trap, and dew point cut-out.

HIGHLIGHTS

Dual Exhaust Outlets: Efficiently distributes air to multiple locations

Digital Controls: On-board digital controls with terminal block for wiring SmartAire™ Remote Sensor and float switch

Ducting Options: Better air flow and humidity control throughout divided spaces

Auto Restart: Allows the dehumidifier to automatically restart after a power outage

Dew Point Cut-Out: Protects from low temperature inefficient operation

Patented Efficiency Capacity Coil Optimization: ECCO technology features corrosion-resistant dual-coated coils

Molded Base: Integrated handles for easy movement and installation

Water Removal: 90 pints/day, 11.25 gallons/day

For Crawl Spaces up to 3,000 sq ft

For Basements up to 2,900 sq ft

Unmatched 6 Year Warranty

IDEAL APPLICATIONS

- Basements
- Crawl Spaces
- Garages
- Home theaters
- Workshops
- Gun rooms
- Exercise rooms
- New home
- Commercial

SANTA FE OASIS105 | 4044510

POWERFULLY EFFICIENT. EFFICIENTLY POWERFUL.

Our most versatile and energy-efficient dehumidifier, the Oasis105, is perfect for a wide range of applications basements, attics, and crawl spaces. It features onboard digital controls, variable speed fan, dew point cut out, and a low maintenance positive pressure condensate drain.

HIGHLIGHTS

On-Board Digital Controls: High-tech, easily accessible on-board control featuring dark mode

Horizontal Cabinet: Conveniently sized for installation in crawl spaces, basements and ducted HVAC whole house applications

Ducting Options: Better air flow and humidity control throughout the space

Auto Restart: Allows the dehumidifier to automatically restart after a power outage

MERV-13 Filter: Provides superior air filtration

Patented Efficiency Capacity Coil Optimization: ECCO technology features corrosion-resistant dual-coated coils

Positive Pressure Drain: Does not require a P-Trap, resulting in less maintenance

Dedicated Float Switch Port: Industry exclusive

Molded Base: Integrated handles for easy movement and installation

Water Removal: 102 pints/day, 12.75 gallons/day

For Crawl Spaces up to 3,300 sq ft

For Basements up to 2,600 sq ft

Unmatched 6 Year Warranty

IDEAL APPLICATIONS

- Basements
- Crawl spaces
- Garages
- Home theaters
- Workshops
- Gun rooms
- Exercise rooms
- New home
- Commercial

SANTA FE CLASSIC | 4044710

THE BIGGER THE BASEMENT, THE BETTER.

Engineered for basements and other finished spaces, it features a vertical configuration and a flow-down design. Its high-capacity blower moves air in a way that no small conventional unit can.

HIGHLIGHTS

Vertical Configuration: Vertical configuration is great for basement applications

High-Capacity Blower: High-capacity blower for optimal air movement

Duct Kits and Pumps: Optional duct kits and condensate pumps provide multiple installation options for greater flexibility

Energy Efficient: Every Santa Fe dehumidifier exceeds Department of Energy standards

MERV-13 Filter: Provides superior air filtration

Low Heat Load: Engineered for low-temperature operation and proper airflow

Auto Restart: Allows the dehumidifier to automatically restart after a power outage

Water Removal: 116 pints/day, 14.5 gallons/day

For Basements up to 2,500 – 2,900 sq ft

Unmatched 6 Year Warranty

IDEAL APPLICATIONS

- Basements
- Crawl spaces
- Garages
- Home theaters
- Workshops
- Gun rooms
- Exercise rooms

SANTA FE ULTRAMD33 | 4044610

ULTRA SERIES

The Ultra Series MD33 is the first true in-wall dehumidifier designed to drain directly into a hub-drain or plumbing line making it truly a hands-off dehumidification system.

The Santa-Fe UltraMD33 runs independent of the HVAC system, removing up to 37 pints of water a day. Sized for up to 1,200 square feet, the UltraMD33 is the perfect solution to control moisture in multi-family applications and features a digital RH control behind a tamper-proof cover.

The unit can be hardwired into existing electrical or directly plugged into a 110v outlet with the provided cord. Designed to drain directly into a hub-drain or plumbing line, the UltraMD33 is truly a hands-off dehumidification system.

HIGHLIGHTS

In-Wall Dehumidifer: Easily fits inside or through interior studs and runs independently of the HVAC system

Digital Control: Digital dehumidistat control internally mounted behind tamper-proof cover

Hardwiring Capability: Designed to drain directly into a hub-drain or plumbing line, the UltraMD33 is truly a hands-off dehumidification system

Energy Efficient: Every Santa Fe dehumidifier exceeds Department of Energy standards

Dual-Coated Coils: Our professional-grade dual-coated coils are designed with a two-layer protective coating that offers superior resistance to corrosion

Water Removal: 37 pints/day, 4.6 gallons/day

For Spaces up to 1,200 sq ft

Unmatched 6 Year Warranty

IDEAL APPLICATIONS

- Basements
- Crawl spaces
- Garages
- Home theaters
- Workshops
- Gun rooms
- Exercise rooms
- New home
- Whole home
- Commercial
- Apartments

SANTA FE ULTRA70 | 4044100

ULTRA SERIES

The Santa-Fe Ultra70 is the first compact, high-efficiency, whole house ventilating dehumidifier designed to fit in tight, low-clearance applications.

The Santa-Fe Ultra70 removes up to 70 pints per day, exceeds Department of Energy standards and provides effective air filtration (MERV-13).

The Santa-Fe Ultra70 is ideal for a small home, condo, or apartment applications.

The Santa-Fe Ultra70 has an innovative cabinet design that easily converts to either vertical or horizontal airflow discharge which allows for easier installation in tight spaces. Flexible airflow configurations allow the Santa Fe Ultra70 to be installed in locations where other dehumidifiers don't fit due to duct issues and size constraints.

Optional fresh outdoor air may be ducted to the unit via a "T" to the inlet duct. This provides fresh air to dilute pollutants and maintain a normal oxygen content in the air. The amount of fresh air ventilation can be regulated by a variety of dampers and controls.

HIGHLIGHTS

Small Footprint: 12" W x 12" H x 28" L, designed to fit in tight, low-clearance applications

Energy Efficient: Every Santa Fe dehumidifier exceeds Department of Energy standards

MERV-13 Filter: Provides superior air filtration

Innovative Cabinet Design: Converts to either vertical or horizontal airflow discharge

Professional-Grade: Features corrosion-resistant dual-coated coils

Water Removal: 70 pints/day, 8.75 gallons/day

For Spaces up to 1,800 sq ft

Unmatched 6 Year Warranty

IDEAL APPLICATIONS

- Basements
- Crawl spaces
- Garages
- Home theaters
- Workshops
- Gun rooms
- Exercise rooms
- New home

SANTA FE ULTRA V100 | 4047100

ULTRA SERIES

The Ultra V100 is the ideal solution for those seeking a high-performance, large-capacity, efficient dehumidification system. The 8" ventilation duct allows for more outdoor air to help meet ASHRAE 62.2 requirements.

HIGHLIGHTS

R2 Cabinet Insulation: The R2 cabinet insulation allows for quieter operation and reduces the risk of condensation forming on the exterior of the unit

Controls: On-board digital controls or optional use of DEH 3000/R for relative humidity and ventilation control

Fresh Air Ventilation: 8 inch fresh air ventilation duct

Filter: MERV-13 Filter Size: 17.5" x 14" x 1.75" Part Number: 4037722-01

Water Removal: 100 pints/day, 12.6 gallons/day

For Spaces up to 2,300 sq ft

Unmatched 6 Year Warranty

IDEAL APPLICATIONS

- New home
- Whole home
- Ventilation
- Commercial

SANTA FE DEHUMIDIFIER RISERS

ELEVATE YOUR DEHUMIDIFIER TO THE NEXT LEVEL.

Santa Fe Dehumidifier Risers are designed to elevate your Santa Fe dehumidifier, for enhanced condensate line drainage. Santa Fe's risers also provide a stable platform to install and level the dehumidifier for proper performance. Not only do they help with drainage, they help raise your Santa Fe dehumidifier, allowing for proper installation of a condensate drain trap or pump.

SANTA FE SMARTAIRE™ REMOTE SENSOR | 4044000

The Santa Fe SmartAire™ Remote Sensor is a compact, versatile accessory designed to enhance the functionality of Santa Fe Advance Dry Series Standalone Dehumidifiers and select Ultra V Series Whole House Ventilating Dehumidifiers.

This remote sensor allows precise monitoring of the relative humidity (RH) in a separate space, such as a crawl space, basement, or living area, while the dehumidifier is installed in a different location. The sensor's small size and paintable exterior ensure a discreet, seamless integration into any living space.

HIGHLIGHTS

Remote Humidity Monitoring: Accurately measures relative humidity in a separate space up to 100 feet away from the dehumidifier, ensuring optimal moisture control in targeted areas

Compatibility: Seamlessly integrates with the Santa Fe Advance Dry Series Standalone Dehumidifiers and select UltraV Series Whole House Ventilating Dehumidifiers

Compact Size: (2" H x 2" W x 0.6" D) allows for unobtrusive installation in living spaces, crawl spaces, or other areas

SANTA FE CLASSIC DUCT KIT

AIR MOVEMENT IS KEY

The Santa Fe Classic duct kit allows you to set up your dehumidifier in an unfinished space or utility room while providing the benefits in a finished space. In an irregularly shaped crawl space, duct kits allow you to better control your environment in nooks and hard-to-reach areas. In any application, the Santa Fe Classic duct kit will help reduce noise and vibration of the unit.

HIGHLIGHTS

Ideal for spaces that require extra air flow
Reduce noise and vibration of the unit
